Russian (native)
German (B1) French (A1) – funny ik ☺

Portfolio

I am a passionate frontend developer. I love developing sites using **React**, **TypeScript** and **ReduxToolkit**, also I really like MERN stack. Currently I am learning **Next JS** and **Nest JS**. You can visit [my personal website](#) if you want to find more information about me.

Working experience (1 year)

- Freelance (Frontend web developer)
April 2021 – September 2021 (6 months)
- “Archakov online course” (Frontend web developer (React))
October 2021 – March 2022 (6 months)

My pet-projects: (you can check all of them on my [GitHub](#) here are only the selected ones)

- Pizzeria (React, Redux Toolkit, RestAPI, localStorage)
- Blog MERN (React, Redux Toolkit, Express, Node JS, MongoDB, localStorage)
- Chess (React, TypeScript, OOP)
- Paint online (React, websockets, MobX, Node JS, Express, canvas)
- Shop (React, RestAPI, context)
- Find GitHub (React, RestAPI, debounce)
- Todo (React, TypeScript, Redux, MUI)
